# Money Matters and You!

**Tues. September 1**  
**6:00pm-9:00pm**  
**MCC/Laulima 101**  
**\$44**

There is a lot of negative news today about the economic situation. Understand why outer conditions do not create your reality- unless you buy into them! This workshop is designed to teach you the principles needed to thrive in any economy! You will learn through exercises, to: identify limiting beliefs about money; discover your strengths and weaknesses related to money; and, use affirmations and visualizations to change old beliefs. The group process offers a wonderful energy to support change.
